PROFILE

Computer Science postgraduate student with hands-on experience building full-stack web and mobile applications using Django REST Framework, React, and PostgreSQL. Skilled in designing REST APIs, managing relational and NoSQL databases, and deploying scalable backend services on AWS. Strong foundation in Java, Python, and C/C++ with a track record of contributing to production-grade systems during on-the-job training. Eager to grow as a Software/Backend Developer in a collaborative engineering team.

EDUCATION

Modern College of Arts, Commerce & Science
Master of Computer Science (Currently Pursuing)

Shivaji Nagar, Pune
July 2025 - 2027

KTHM College
Bachelor of Computer Science

Nashik
June 2022 - Aug 2025

Cumulative GPA: 8.66/10

L.V.H Jr. College
Higher Secondary Certificate (HSC)

Nimgaon
June 2021 - March 2022

Score: 75%

WORK EXPERIENCE

F.E.W. Solutions Pvt. Ltd.

Software Developer Intern

July 2026 – Present

- Contributing to full-stack application development across frontend and backend modules, supporting feature implementation, API integration, testing, and system enhancements.
- Collaborating with senior developers to debug issues, improve existing application functionality, and ensure smooth integration of backend services with frontend components.
- Participating in code reviews, sprint-based development, and Git-based version control workflows to maintain code quality and support timely feature delivery.
- Expanding from backend-focused responsibilities to broader full-stack development, gaining hands-on experience across UI, API, and deployment-related tasks.

F.E.W. Solutions Pvt. Ltd.

On-the-Job Trainee – Backend Developer

Sept 2025 – June 2026

- Developed and maintained REST APIs for a full-stack Kho-Kho match scoring system using Django REST Framework (DRF), enabling match management, player tracking, and score updates.
- Designed and managed PostgreSQL database schemas to efficiently store and organize match, player, scoring, and user-related data.
- Implemented backend authentication and access control logic to support secure user login and role-based application usage.
- Assisted in backend deployment and production-readiness activities, helping prepare the application for stable usage in real-world environments.
- Collaborated with frontend/mobile developers and team members to deliver backend features aligned with application requirements and user workflows.

PROJECTS

Kho-Kho Scoring System

Django, DRF, PostgreSQL, AWS, React Native

- GitHub: [kho-kho-backend](#)
- Built and deployed a full-stack mobile-based match management and scoring platform for Kho-Kho tournaments.
- Developed REST APIs with Django REST Framework and integrated a PostgreSQL database for match data.
- Implemented secure umpire authentication with role-based access control.
- Deployed backend services on AWS, ensuring scalable and reliable access during live matches.

Daily Collection Management System

React.js, Firebase Firestore, Cloudinary

- GitHub: [Daily-Collection](#)
- Developed a finance management web application for daily savings collection and loan tracking.
- Built customer management, collection tracking, EMI scheduling, and reporting modules.
- Integrated Firebase Firestore and Cloudinary for real-time data and document storage.
- Designed a responsive, user-friendly interface for non-technical end users.

AI-Based Digital Learning Platform for Rural Students (Ongoing)

OCR, Generative AI

- GitHub: [EduHub](#)
- Developing an AI-powered educational platform with OCR-based syllabus extraction and multilingual content generation.
- Designing personalized learning paths with offline accessibility to support low-connectivity rural areas.

SKILL

- **Programming Languages:** Java, Python, C
- **Backend:** Spring-Boot, Django, Django REST Framework(DRF)
- **Frontend:** React.js, JavaScript, HTML, CSS
- **Databases:** PostgreSQL, MySQL, MongoDB
- **Tools & Platforms:** Git, GitHub, AWS, VS Code
- **Soft Skills:** Communication, Problem-Solving, Team Collaboration, Time Management

CERTIFICATIONS

- Generative AI in Action - IBM SkillsBuild
- Artificial Intelligence Fundamentals - IBM SkillsBuild
- Generative AI Content Creation - Adobe (Coursera)
- Project Management Fundamentals - IBM SkillsBuild
- Job Application Essentials - IBM SkillsBuild

LANGUAGES

- Marathi (Native)
